# Business Plan 2022-23

We delivered many new initiatives and activities as a direct result of our Business Plan for the 2021-22 year.

The Branch Council endorsed an operational business plan for the 2022-23 financial year which takes the next step in the growth of the Branch. The new plan includes a range of further enhancements for the benefit of Members. The Council will monitor and review the delivery of services to ensure we continue to provide relevant and high quality support to our Members and their Teams.

## Philanthropy

Support for the Community Outreach Clinic through ADA Dental Health Foundation.

## Environment

Provision of environmental sustainability models for dental practices.

## CPD

Enhanced technical CPD programs. Regular CPD courses for regional members.

## Events

New social events, the addition of business focused topics and sponsor hosted events.

## Affiliations

Strengthening relationships with affiliated societies to address member needs.

## Students

Continued support of the AUDSS as well as new initiatives to promote oral health careers (including Dental Assistants) to secondary students.
